General Questions

New Subject: Dog Repellent Spray/Mace for Outreach Staff**Posted:** 10/21/2025 3:38pm**Author:** Patricia Penalosa

The City of Salinas Outreach and Response Team (SORT) is a non-public safety unit that engages the City of Salinas unhoused population through outreach. The SORT team has encountered aggressive dogs during outreach at encampments and is requesting permission to carry EPA-registered dog repellent spray or mace. The City does not have a policy in place for this.

Appreciate hearing what others are doing in similar situations.
